

# João Eduardo M. Gomes

Web Developer

(+55) (48) 9 9850-9958 # <https://linktr.ee/joaoeduardogomes> # dev.joaogomes@gmail.com

Full Stack Web Developer, with a stronger focus on back-end development.

I build simple and intuitive front-end interfaces and develop well-structured back-end solutions, handling business logic, data, and integrations.

I mainly work with Python and Flask, using JavaScript and modern frameworks as required by the project.

## Technical Skills

---

- **Programming Languages:** Python, JavaScript
